

Upbring is a leading Texas-based, faith-inspired nonprofit organization working to break the cycle of child abuse by empowering children, families and communities. While Upbring has evolved over more than 138 years, our organization remains firmly focused on delivering innovative programs and services that address the root causes of child abuse and neglect. Approximately **27,500** people were served by Upbring in 2018.

## WHO WE ARE

At Upbring, we are changemakers determined to create a world where all children are cherished. Inspired by faith, we diligently serve children and families.

## WHAT WE DO

Upbring is raising the standards for child welfare in Texas. With our partners, we deliver services that produce measurable progress toward five key markers of every child's well-being: safety, life skills, education, health and vocation.

## HOW WE SUCCEED

Our mission to break the cycle of child abuse is bigger than any single organization. Working with our generous friends and our key stakeholders, Upbring is building brighter futures for Texas children.
