

2021 Night Mission Community

Virtual Gala | Saturday, February 20

Please join us to experience the power of one night, one mission and one community at our first-ever virtual gala on Saturday, February 20, 2021! Your congregation, social group or civic organization can help make this event even more meaningful by providing a themed gift basket for the online silent auction or a high-value item for the live auction. Thank you for your participation!

The Basket Project

Tips for building an engaging basket:

1. Be creative! Popular themes include holiday, gardening, cooking, wine, sports or entertainment—but other ideas are always welcome. Make the basket you'd most like to win.
2. Think "outside the basket." A theme-related or practical container for your items boost bids. Here are just a few ideas: a planter pot for a gardening theme or a popcorn bucket for a movie night.
3. Include a variety of items related to your theme. For example, if you're creating a wine basket, you could add a decanter, wine glass charms and a bottle stopper. The suggested total basket value is between \$50 - \$150.
4. If you have any questions or would like to arrange a delivery, please contact Events@Upbring.org or **512-706-7568**.
